Welcome JULY EDITION

Welcome to our July newsletter!  
This month's theme is Races & Cultures. Through hands-on activities, students explored diverse traditions. We also took part in Colour of Hope, where we coloured together and some students donated their pocket money to support a good cause. Enjoy the highlights!

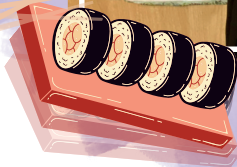

# HAPPY BIRTHDAY

I like **PURPLE**,  
playing badminton  
and eating sushi!

Jun See

I like **BLUE**,

# ACTIVITIES

## STEM CHALLENGE ONE CUP OF LEGO

We used a cup of LEGO bricks to create our own designs, building things like boats and cars. The activity strengthened our problem-solving and sparked even more creative ideas.

Hmm what should I make?

# ACTIVITIES

## ARTS & CRAFTS PERANAKAN SHOPHOUSES

We crafted Peranakan shophouses by colouring printed templates and drawing our own murals, then cutting them out, folding along the lines, and gluing the pieces together.

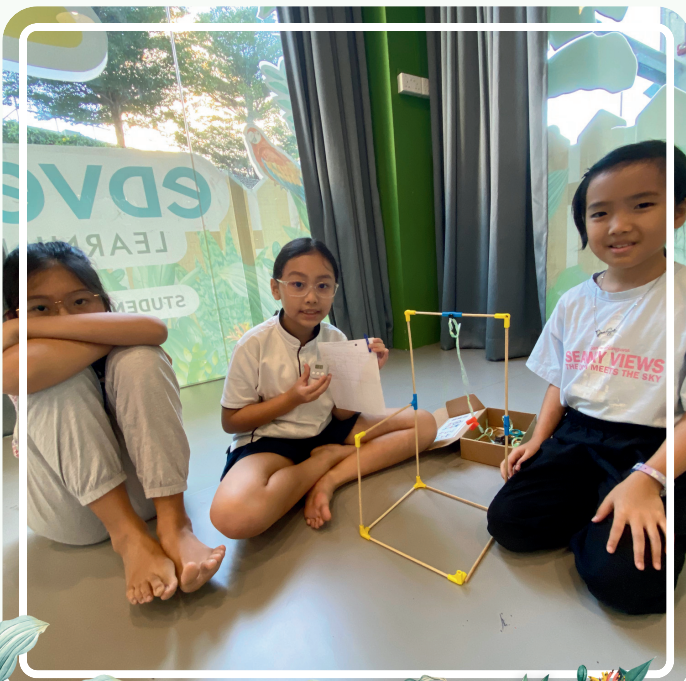

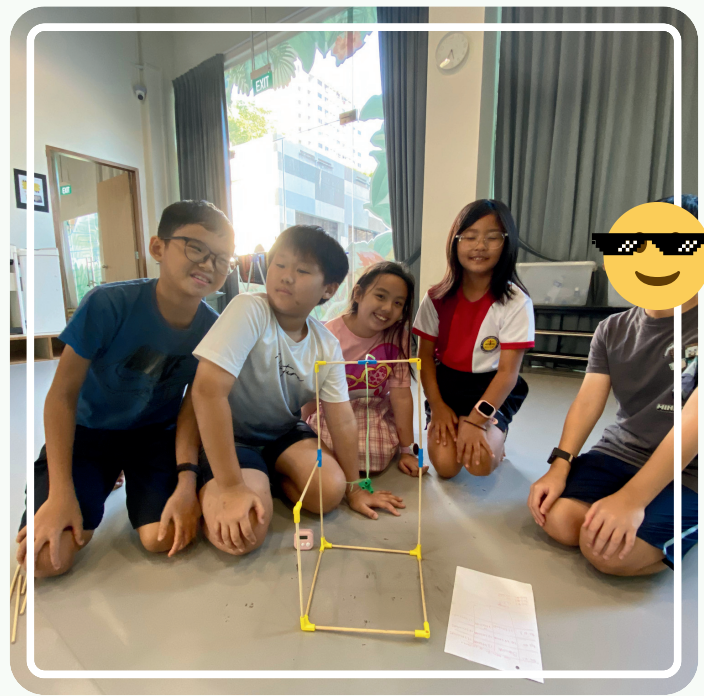

# ACTIVITIES

## STICK 'EM OSCILLATING PENDULUMS

We built pendulums, pulled them back and watched them swing. We tested different string lengths, weights and also shared our findings.

# ACTIVITIES

## COOKERY MEE SOTO

We prepared Mee Soto during our cookery session. Doesn't it look absolutely delicious? We added sausages, noodles and soto paste into the dish.

Mmm  
looks  
delicious!

Let's add  
more!

## COLOURS OF HOPE

We used recycled coloured paper to create a rainbow. Subsequently, we coloured the letters and affixed them onto the rainbow. Our teacher then used stuffing to make the clouds. After we were done, our teachers used pins to display it on the wall.

## COLOURS OF HOPE

I saved my pocket money. I felt excited because it was my first time donating. It was easy to save because I knew it was for a good cause. It took me a week to save up.

-Leonie

My mum inspired me to do this because she always reminds me to help others. I saved my pocket money for two weeks. It was hard to save since I don't have much left after buying food at school. I did it to be selfless.

## COLOURS OF HOPE

I started this so I could help them. It wasn't hard because I used the money I earned from the Kidspreneurship Marketplace. I've learned small acts can make a big difference.

-Edrea

I started saving money to help them. I felt happy because I could donate it myself. I saved up from my allowance and by setting aside my field trip money. I have learned to be responsible with money.

## SG60 CELEBRATION WEEKEND @ EDVENTURE

# SG

To celebrate

Singapore's 60th birthday, we spent four exciting Saturdays filled with fun, learning and giving back! Kids enjoyed hands-on activities like colouring, coding with CodeMonkey, board games with IBGA and playing at the playground!

A heartfelt thank you to all who took part and supported our Colours of Hope campaign for Club Rainbow Singapore. Together, we made this SG60 celebration meaningful and memorable! ❤️
