# ACTIVITIES

## STEM CHALLENGE

### Marshmallow Constellations

We made our own constellations using toothpicks and marshmallows! It was so fun to build the stars and connect them into shapes. We felt like real little astronomers.

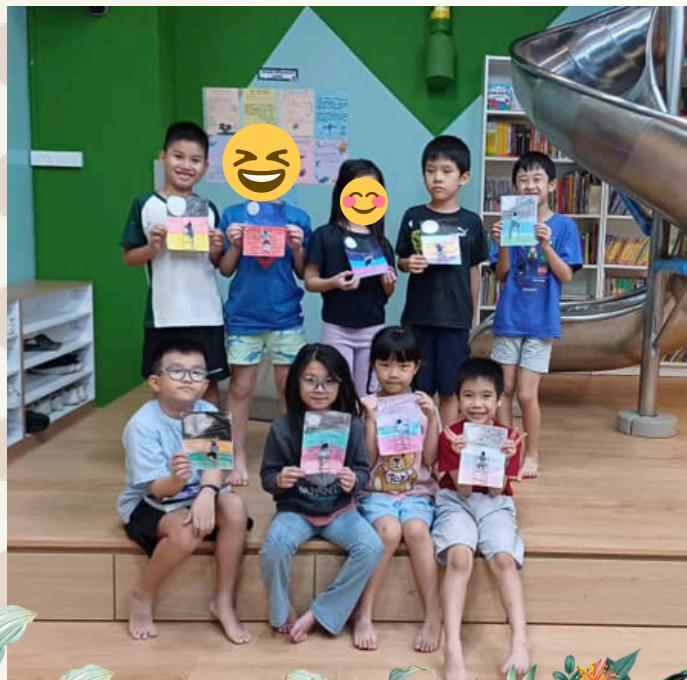

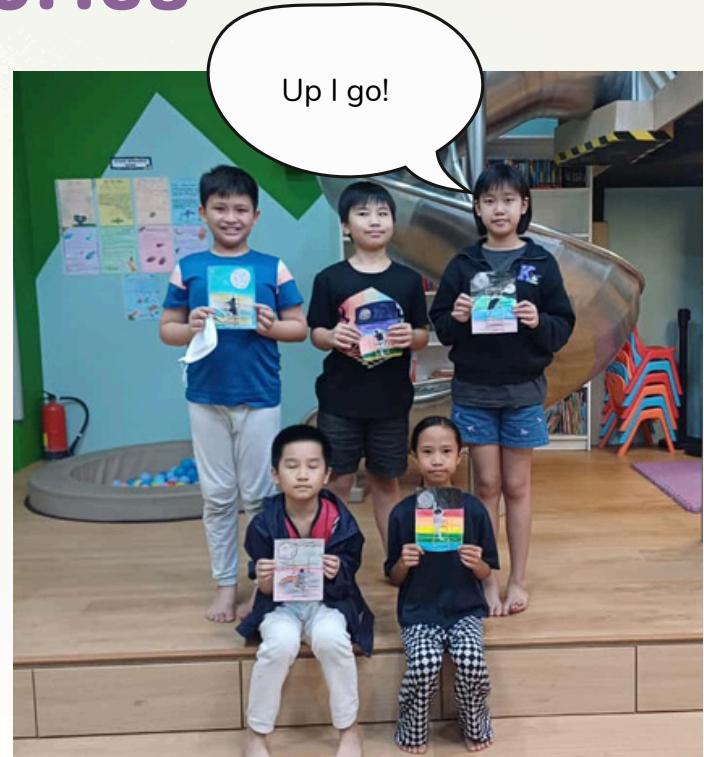

# ACTIVITIES

## ARTS & CRAFTS

### Moonlight Memories

First, we drew and shaded a large moon, then coloured the sky. We built a ladder using toothpicks and glue. Stuck our picture on top. It looks like we're climbing up to the moon! 🌙⭐

# ACTIVITIES

## COOKERY

### Satellite

We made satellites we could eat! We used chopsticks, a hotdog and prata to build the parts. After we finished, we got to eat our creations. It was fun and yummy!

# ACTIVITIES

## STICK 'EM

## Truck Ball Challenge

In this activity, we built a truck and tested how many balls it could carry without dropping them. The suspense had us on the edge of our seats!
