

DECEMBER
EDITION

ELA'S NEWSLETTER

Editors' Message

Hi, Welcome to our December Newsletter! This month, our theme was Body Systems. We learned five different types of body systems: the circulatory, muscular, respiratory, digestive and skeletal systems. We also went on fun outings like going to the movies, parks, indoor playground and the library. We can't wait to share them with you! 😊

HAPPY BIRTHDAY

Hi, I am Leonie. I like green, baseball, cats and nasi lemak!

Hi, I am Mikaela and I like dancing and my favourite colour is pink!

Hi, I'm Raiden and I like running and eating pizza.

Hello, I'm Athena. I enjoy practising wushu and I like cats.

HAPPY BIRTHDAY

Hi, I am Kayla and my favourite colour is blue and I like to draw.

Hi, I am Shannon. My favourite colour is green and I love fishes!

Hi, I'm Darius and I love eating potato chips and playing badminton!

ACTIVITIES

DIY Muscle

It was fun to play with clay. First, we chose the colour we wanted. Next, we shaped the clay into a muscle and paste it onto a black piece of paper.

I made a muscle with clay!

ACTIVITIES

Blood Compatibility

We learned about different blood types by doing a blood compatibility experiment. We learned that the most compatible blood type is O.

Ooo so interesting!

ACTIVITIES

Pumping Heart Model

We built a pumping heart model and saw how blood moves when the heart pumps. We learned that the heart helps to send blood around our whole body.

This is how my heart works!

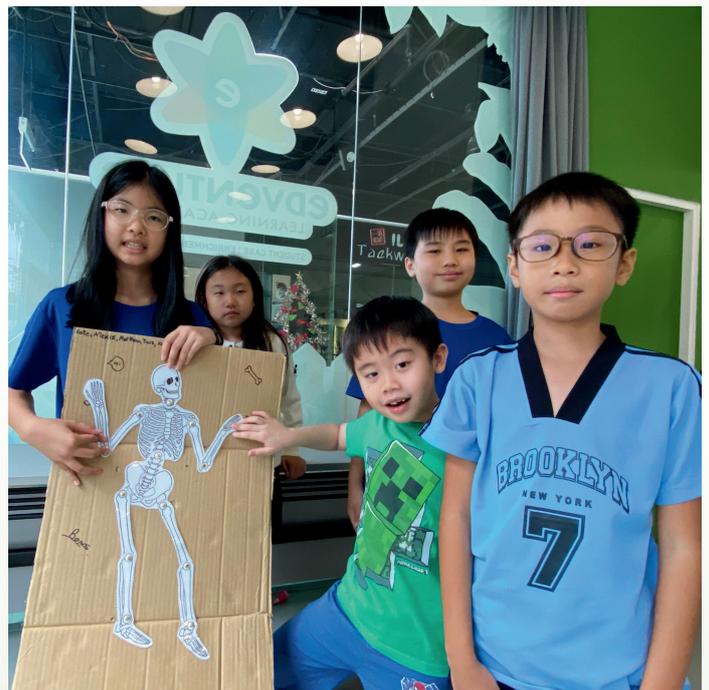

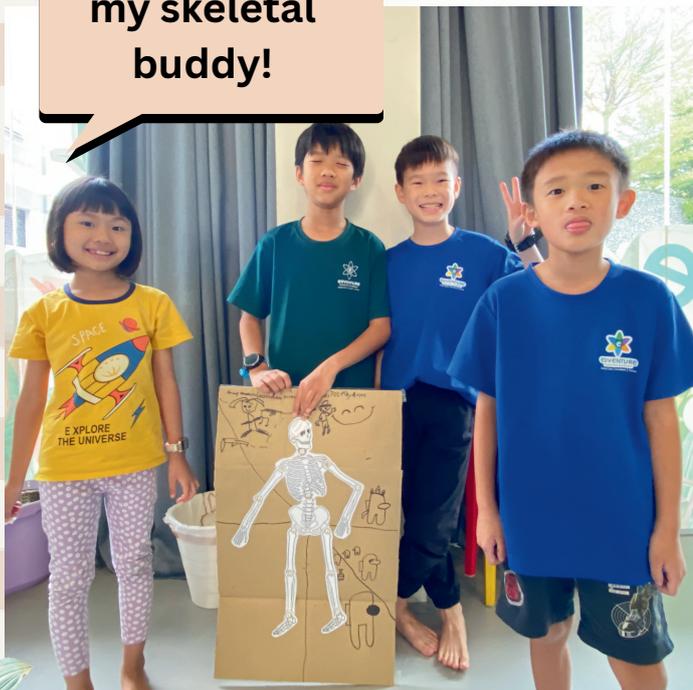

ACTIVITIES

Jointed Skeletal Dolls

From our previous lesson, we learned the names of the different bones. We took turns telling our teacher which bone we wanted and built the skeletal doll together.

Say hello to my skeletal buddy!

OUTINGS

Admiralty Park

It was stupendous!
The roller slides were
the best part. The
second best part was
the swings. Every time
we talked on the roller
slides, our voices came
out very shakily.

OUTINGS

Skypark

One of the many Kidstopia outlets across Singapore, this one is arguably the best, with spacious play zones and engaging activities that keep us entertained for hours.

OUTINGS

West Coast Park

We had so much fun at West Coast Park! We played happily in the playground, ran around with our friends, enjoyed the outdoors, and had McDonald's for lunch.

EVENTS

Christmas Party

It was a marvellous event. We ate Christmas themed food that we prepared, decorated our own ornaments, exchanged gifts and then played games like Bingo and Shoot the Snowman.

ABOUT OUR EDITORS

MAIN EDITOR

Hi, I'm Kate. My favourite colour is blue.

EDITOR

Hello, I am Preston and I like to draw.

REPORTER

Hi, I am Kayla. My favourite colour is blue.

PHOTOGRAPHER

Hello I'm Lionel. My favourite colour is blue.
